SWISSOL®

HIGH PERFORMANCE CAR CARE
HAND MADE IN SWITZERLAND

WWW.SWISSOL.CO.UK

CARING FOR YOUR DREAM

Swissol is a uniquely handcrafted car care system made in Switzerland and designed to be the finest product line of automotive cosmetic maintenance in the world. Since 1930 the Anwander family has been creating magnificent wax formulations using the finest raw ingredients that contain NO abrasives. The system is comprised of two major components: a cleaning pre-wax oil which prepares the surface, and then the Swissol wax formulation of your choice, all of which contain no cleaning properties. Unlike ordinary polishes that simply create a level of shine on the paint surface, Swissol restores the valuable oils of the original paint finish that become starved over time, weather conditions and simple neglect. The essence oils found in Swissol waxes like cinnamon, vanilla and avocado produce a wonderfully aromatic fragrance, and when combined with high volumes of

pure carnauba create the world's purest, hardest and most transparent natural wax. The level of shine increases with the percentage of carnauba found in the wax formulation. Whilst a number of car care products on the market contain some level of carnauba, it is almost always of a lesser grade and in liquid form is generally less than 5% by volume. Swissol waxes by contrast are formed into «cires pasteuses» (pastes) which allows a much higher carnauba content. These exclusive formulas contain a carnauba content of 30% to over 60% by vol., and Swissol is very easy to apply, leaving no white residue or wax build up. There are quite simply, no compromises when it comes to our pursuit of the ultimate wax and car care system. We invite you to see for yourself what delighted enthusiasts and collectors all over the world are discovering about Swissol.

Swissol wax «Onyx»

Standard wax for all colours with pure Brazilian Carnauba (30% by vol.) produces a brilliant, streak-free gloss.

Price: £39.00
